## EXPERIENCE

11/2018 – PRESENT

**COO, CO-FOUNDER, [STRUCTURIGHT LLC](#)**

Co-Founder of this IoT startup. Our product is a fitness tracker for buildings. I have direct influence over our systems – from the drawing board, into the board room and out in the field – always asking the question, “How can our product be more useful to our customers?” Clients include Rabbit Hole Distillery, Green River Distilling and Jim Beam.

03/2012– 11/2015

**E-COMMUNICATIONS COORDINATOR, [JUNIATA COLLEGE](#)**

Project managed rebuild of their 500+ page college website. Coded and designed the front-end, contracted with the CMS vendor, worked with the IT department for backend code and server buy, managed content inventory and migration of existing content to site.

03/2008 – 03/2019

**FOUNDER, [LEOCAST LIVE STREAMING](#)**

Worked with local and national brands to market clients through live streaming video events and advertising. Clients include Yelp, Kentucky Opera Association, Headliners Music Hall, Kentucky Center for African American Heritage and Louisville Independent Business Alliance.
